

The Easyrig Collection

Easyrig **Vario 5**

EASYRIG VARIO 5 with the
new Gimbal Rig vest

The EASYRIG VARIO 5 has an adjustable weight range from 5-17kg (11-38 lbs),
The EASYRIG VARIO 5 STRONG: weight range 14-25kg (30-55 lbs)
You can easily change the tension / power of the line.

The EASYRIG VARIO 5 gives you the same advantages as our other Easyrig models with the added benefit of being able to adjust the line tension to adapt to many different cameras and configurations. The EASYRIG VARIO 5 still delivers the same steady hand held shots while relieving strain on your back, neck and shoulders. The load is redistributed to the hips allowing you to shoot hand held in comfort for hours.

THE EASYRIG VARIO 5 can be ordered with several different vest options:

- 2.5 single shoulder vest
- Cinema 3 double shoulder vest
- Gimbal Rig vest
- Cinema Flex vest

You can also order your EASYRIG VARIO 5 with three different arm options:

- Standard arm
- 130 mm (5in) adjustable arm
- 230 mm (9in) adjustable arm

The Easyrig style

The **Easyrig Gimbal Rig** is our new support system built for demands of using hand held Gimbal rigs. It fits the **Easyrig 3** and **Easyrig Vario 5** support bar.

The **Easyrig Gimbal Rig** vest is designed with wider front support that fits around the waist and over the hips.

The new construction on the **Easyrig Gimbal Rig** provides superior lower back support that allows weight loads to be carried further away from the body.

Can be ordered with:

- Standard arm
- 130 mm (5in) adjustable arm
- 230 mm (9in) adjustable arm

**Gimbal
Rig**

The **Easyrig Cinema Flex Vest** is mainly made for female camera operators. It is more adjustable over the chest and has a breast pocket.

The **Easyrig Cinema Flex Vest** is compatible with:

- Easyrig 2,5, Easyrig 3, Vario 5 & Minimax

**Cinema
Flex**

The Easyrig style

New

Easyrig Minimax

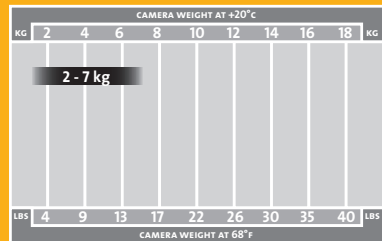

The **Easyrig Minimax** has been created specifically with the latest generation of light weight cameras in mind. It is suitable for cameras weighing 2 - 7 kg (4-15 lbs)

The **Easyrig Minimax** upper bar is pivotal.

The **power system** is upgraded with a swedish special made spring allows you to work with a large range of cameras.

If the unit is **overloaded** we have constructed a special release mechanism that prevents the spring from breaking.
